

# COMMERCIAL STACKING DOORS

For style, security and long lasting durability, ask your Mirage consultant about our commercial stacking doors. Highly aesthetic and suitable for a wide range of commercial, industrial and residential applications, they are especially suited for indoor/outdoor separation purposes.

There are two types of tracking systems to suit the wide variety of applications:

- **Single Panel Stack** options are parallel stack and 90 degree stack
- **Hinge Stack** options are internal, forward and centre stack

Commercial stacking doors incorporate the highest quality track systems and door hardware. Panels are typically fitted with 6mm toughened glass or polycarbonate. Where air flow is a requirement, *Tropicana* plantation shutters can be seamlessly incorporated into the panel system. Ask your Mirage consultant for more information.
