

# SECURITY ROLLER GRILLES

Safe, secure but still on show! Ideal for internal or external use, Mirage security roller grilles represent the pinnacle in quality design and manufacturing. They're also available in a range of sizes to suit your premises. From top to bottom, the security roller grilles are designed and manufactured to work for you.

The systems use a rollup drum operation installed overhead, with a counter balance mechanism that is spring tensioned and fully adjustable for ease of operation. The curtain is constructed using 12mm aluminium tubing connected by nylon vertical links. The design incorporates an extended aluminium bottom rail with stops and guides and a high quality locking mechanism.

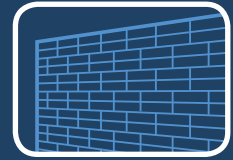

## Applications

- Shop fronts
- Corridors
- Receptions, cash counters and serveries
- Doorways
- Service counters
- Added security to windows
- Arcade entrances
- Bottle shops and bars
- Restaurants
