

Slimline sectional garage door in Colorbond® Surfmist®

STEEL-LINE MATT GARAGE DOORS

Tough, bold, minimalistic and ruggedly beautiful.

The new Steel-Line Matt finish sectional garage door allows you to make stylish and defining design choices for your home. Choose from five of amazing Colorbond® colours: Surfmist®, Shale Grey™, Dune®, Basalt®, and Monument® to make your design statement.

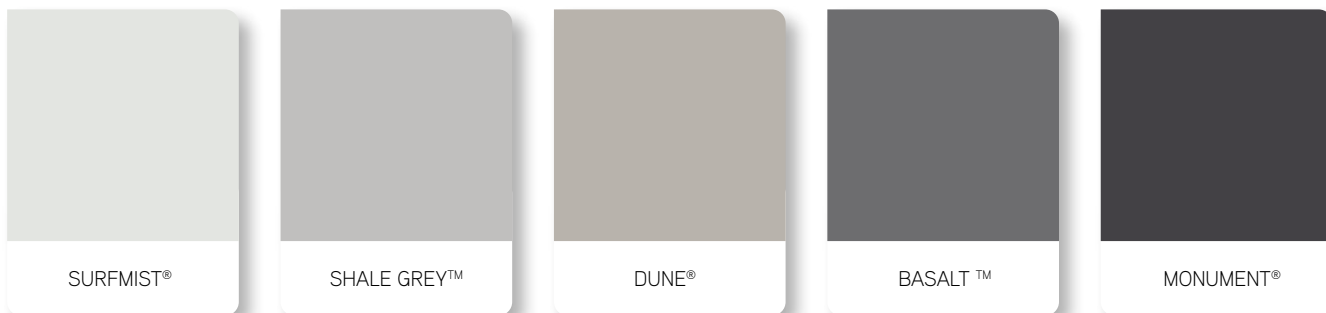

To achieve this finish, these five neutral Colorbond® colours are powder coded on the BlueScope's steel sheets, creating a softer, subtler look.

Why choose Steel-Line Matt finish?

- Long term durability with exceptional corrosion and dirt resistance.
- Manufactured in Australia and compliant with relevant Australian standards.
- Designed to withstand the harsh Australian environment, maintaining its Matt finish, looking even better for longer.
- Suitable from moderate to severe marine or industrial environments.
- Complementary with Colorbond® Matt roof or window frames.

COLOURS

Please note: The colours shown are a guide only. The limitations of printing processes make extremely accurate matches impossible. We strongly recommend comparing your choice with actual samples. Additionally, Steel-Line reserves the right to vary or delete colours without notice.
