Department of Employment

Our Ref 57596

Mrs C Kisten
Group Hr Manager
Steel-Line Garage Doors Australia Pty Ltd
Po Box 143
SUMNER PARK QLD 4074

Dear Mrs Kisten

I refer to your submission of 20 May 2014 in which you requested the Department's advice about whether the industrial instrument noted in your request is compliant with the Building Code 2013 (the Code).

The Code is issued under Section 27 of the *Fair Work (Building Industry) Act 2012* and became operational from 1 February 2013. The Code replaces all previous versions of the *Australian Government Implementation Guidelines for the National Code of Practice for the Construction Industry*.

You have advised that the following industrial instruments apply to **Steel-Line Garage Doors Australia Pty Ltd**:

The Steel-Line Garage Doors Australia Pty Ltd Workshop Enterprise Agreement 2013

The Commercial Sales Award 2010

The Clerks - Private Sector Award 2010

The Manufacturing & Associated Industries & Occupations Award 2010

The above instruments are compliant with the Code.

Note that parties must meet all relevant provisions of the Code and designated building laws such as the *Fair Work Act 2009*, including in relation to their practical on-site application.

You may obtain a copy of the Code and information about the Code at www.employment.gov.au/BuildingCode. If you have any further questions about the Code, please contact the Building Code Assessment Hotline on 1300 731 293 or email building@employment.gov.au.

Fair Work Building and Construction (FWBC) monitors behaviour on sites to which the Code applies and investigates any alleged breaches of them. FWBC can be contacted through its hotline on 1800 003 338 or at www.fwbc.gov.au.

For general information on workplace arrangements you can contact the Fair Work Infoline on 13 13 94.

Yours sincerely

Aaron Vaughan
